

# Do something that dazzles

When it comes to picking your golden fundraiser, find something that you love and add a bit of sparkle! If you have a hobby or skill then here's your chance turn it into a dazzling fundraising success. Some popular bright ideas from our other golden fundraisers include:

## Be Bold in Gold

Host a fun mufti day at your school or work with a gold coin donation from students and colleagues (consider charging higher 'fines' for those not in colour!)

## Dare to Dazzle

See if your boss would be willing to undergo a challenge for the right price! Dare them to spray their hair gold or wear a gold item or outfit all day.

## Gold Coin Snake

Invite the kids in your class to bring in gold coins from home. Collect all the coins together to make the longest snake you can make. Boost the funds you raise and add a touch of competition by getting more classes involved.

## Silence is Golden

How long can you go without saying anything? One minute, one hour or one day? Pledge to remain silent and get people to sponsor you. If you're a chatterbox, people will sponsor silence.

## Go for Gold

Set up a fun obstacle course or physical challenge event at school or work with everyone making a donation to enter to win the golden cup. To make it a family friendly day you could even create a separate course for kids and adults.

## Gold star fundraiser at school

Hold a fun event at your school to help us raise funds for sick kids. There's loads of great ideas to holding a successful fundraiser at your school whether it's a mufti-day with a touch of gold, a gold-themed dress up day, best dressed gold classroom, walk-a-thon or other type of 'a-thon', fete or a golden idea of your own.

## Gold Party Day at Work

Set a gold-themed dress up day, decorate the office gold with a golden desk challenge or ask people to bring golden treats to sell. Collect donations from those joining in and fines from those who haven't.

## Strike Gold

Get into teams and chase after the clues around town on a golden treasure hunt. The golden touch could be in your clues, in your costumes or in your prizes.

## All that Glitters is Gold

Add some sparkle to any event, by turning it gold. From dinner parties to trivia nights, your event will be sure to dazzle.

## Golden Oldie

Host a karaoke night, where you and your friends can belt out a few hits from yesteryear. Charge your mates for the privilege.

## Gold Rush

Make a list of 20 golden or sparkling things around town. Ask participants to pay an entry fee then put them in teams, challenging them to return to base with a picture of each thing on the list! Ask local businesses for prizes to encourage competition.

## Gold-a-thon

Create a solid gold Dance-a-thon, Song-a-thon or Walk-a-thon to help raise funds. Participants are sponsored for the number of units of your chosen a-thon. Dress in gold and keep dancing. Invite people to donate and guess how long you'll last. The more, the merrier!

## Gold Face Painting

If there's a local fete, street party of market near you then offer your face painting services. Most events will be happy to have you and it's a great way to engage the community. Failing that, you could even ask a local venue if they have a themed night you could do face painting for.

## The Gold Treatment

There's no need to break a sweat with this fundraiser. Have your friends and family over for a day of pampering, give facials or manicures in exchange for a donation – your guests will feel great inside and out.

## Goals for Gold

Get your local sporting club involved by raising funds through bucket collections at matches, setting up a raffle with support from local businesses, sponsoring teams for the number of goals they score, holding a BBQ or cake stall or end of season party.

## Golden Threads

For one day only let your students or kids pick you a gold outfit and wear it with pride!

## Gold Art and Crafts

What's your craft? From painting and drawing, to knitting and creating – as long as it's gold and can be sold. If you know someone who is particularly crafty then ask them to run a workshop so others can pay to learn a new skill.
